

## SEMI-PLENARIES 19 OCTOBER 2022

### Semi-Plenary 1A: Technological trends in Deep Geothermal: Is the EGS technology still alive?

09h00 – 10h30

Room: C01

#### Medal to Roy Baria:

- André Deinhardt moderator, announcement of Patricius Medal and laudator
- Prof. Dr. Inga Moeck laudatory speech on Roy Baria
- “Deep geothermal development at the Eden project in Cornwall” by Roy Baria

**University of Utah:** Prof. Joe Moore, “The Utah FORGE Project”

**ES Geothermie:** Dr. Albert Genter, “Challenges and success on deep geothermal energy and geothermal lithium in the Upper Rhine graben?”

**GFZ:** Prof. Dr. Ingo Sass, “GEOLAB the huge investment in a mezoscale lab for basic geothermal research”.

**Halliburton:** Dr. Luis Quintero, “EGS in the US? It's Complicated”

*Q&A session of 15 min.*

Moderator: **David Bruhn, Board Member of ETIP-DG**

### Semi-Plenary 1B: Technological trends in Geothermal heating and cooling

09h00 – 10h30

Room: B05 + B06

**RHC-ETIP :** Dr. Javier Urchueguia, “Towards a new vision to 2050 for renewable heating and cooling”

**Storengy :** Axel Popp

**Welltec :** Fabio Rosas Gutterres

**Arctic Green Energy Europe :** Eirikur Bragason “Newest Trends in Heating and Cooling with Geothermal Energy!”

**Deggendorf Institute of Technology:** Prof. Dr. Simone Walker-Hertkorn

*Q&A session of 15 min.*

Moderator: **Luca Guglielmetti, Board Member of ETIP-DG**

## SEMI-PLENARIES 20 OCTOBER 2022

### Semi-Plenary 2A: Perspectives for the geothermal market

09h00 – 10h30

**Room: C01**

**EGC 2022 country update reports** by Burkhard Sanner,  
“Perspectives for the geothermal market”

**Roedl & Partner:** Benjamin Richter “New economic opportunities in  
Germany: subsidies and mid-depth geothermal”

**Stadtwerke München:** Christine Cröniger, “Perspective for Munich”

**Kurita:** Hande Şile

**Exergy:** Marco Frassinetti

*Q&A session of 15 min.*

Moderator: **Philippe Dumas, EGEC**

### Semi-Plenary 2B: Perspectives for well technologies

09h00 – 10h30

**Room: B05 + B06**

**Hartmann Valves:** Werner Hartmann, “New technical developments  
in wellhead design”

**Angers & Söhne:** Daniel Schindler “Percussion Drilling Technologie  
– Gamechanger for geothermal Industry ? – Practical Examples”

**Ignis Energy / Geolog :** Marcus Oesterberg “Surface solutions to  
solve downhole geothermal problems.”

**GEOS Energy Inc.:** Ahmet Ay, “Drilling Fluids Experience Transfer  
from Turkey’s Hottest and Deepest Geothermal Wells”

**Weatherford:** Kurt Meyer “Geothermal Drilling Carbon Footprint,  
Cost and Risk Reduction with Managed Pressure Solutions”

*Q&A session of 15 min.*

Moderator: **Miklos Antics, Board Member of ETIP-DG**

## Closing Plenary

**15h45 – 16h15**

Closing remarks by the new President of EGEC

Announcement of EGC2025

Announcement of DGK 2023

**Room: C01**

Announcement of Young Scientist Award

Moderators: **Philippe Dumas & Andre  
Deinhardt**
