B2match Agenda (see also [b2match support](#))

Our EGC2025 event offers you the opportunity to learn from different speakers in more than 40 Sessions. With so many activities happening, it's difficult to keep track. This is where an event agenda can help.

The agenda outlines all activities and helps you to have a clear overview of the event.

How can I access the agenda?

Please note that you must first [log in to your personal b2match account](#)

On the [event page navigation](#), click on Agenda to view the whole event agenda.

Here, you will see all sessions on the event categorized by date, tracks or location. Under each date, you will see cards with information about sessions held on that day.

How can I find relevant sessions?

Every event consists of different sessions you can participate in, but it is impossible to attend every single one. This is why it is important to find sessions that may be suitable for you.

➔ Filters can help you search for relevant sessions.

On the right side of the Agenda page, you will see all the filters you can use to search for sessions. Sessions can be filtered by tracks, topics, location, and session type.

The screenshot displays the 'B2M Startup Directive' agenda page for the dates 19-25 March 2023 in Zagreb, Croatia. The page is divided into two main sections: a list of sessions on the left and a filter sidebar on the right.

Session Listings:

- Monday, 20 March 2023**
 - 12:00 - 12:30**: **Newest in Audio Visual Tech - a Project Showcase by Strucg Ltd.** (Hybrid, Product showcase, Software). Speakers: Marta Graf. Hosted by: Strucg Ltd.
- Wednesday, 22 March 2023**
 - 12:00 - 12:30**: **Web Design & Branding - Pexels Mag GmbH Introduction** (Hybrid, Product showcase, Promotion and Branding). Speakers: Tina Bauer, Amy Withen. Hosted by: Pexels Mag GmbH.
- Friday, 24 March 2023**
 - 16:15 - 17:00**: **Attracting Skilled Workers to Your Company** (Hybrid, Presentation, Research). Speakers: Thomas Berndt, Sonya Gerber. Hosted by: Pexels Mag GmbH.

Filter Sidebar (Right):

- 3 RESULTS** (Reset button)
- Tracks**: Presentation (selected), Panel discussion, Experts talk, Product showcase.
- Topics**: Research (selected), Software (selected), Promotion and Branding, Company Introduction, Audio-Visual Tech, Web Design and Development, Hardware, Sustainability, Improving your Business, Robotics.
- Locations**: Southeast Hall A2 (selected), Centre Podium, Grand Hall, West Hall C3.
- Types**: Onsite (selected), Online, Hybrid.

How can I register for a session?

The first step to registering for a session is to open your agenda. On the event navigation, [click on Agenda](#). Here, you will see all sessions at the event.

To register for a session, simply click on the **Add button** on the session card.

If you want to deregister for a specific session, **click on the Added button** which will appear instead of the Add button.

You can see the sessions you are attending on the [My schedule tab](#) on the Agenda page.

On the My schedule tab, you can see all the sessions, hosted sessions, and meetings you are attending categorized by date.

How can I register for a Site Visits?

Participants with tickets for Site Visits on Friday 10th should select their desired Site Visits.

Under Agenda, you can [select Friday, 10 October](#) and view the 10 available Site Visits. By clicking on a specific Visit, you can view the detailed programme. Once you have made your choice, click on **ADD** for the Visit of your choice.

The screenshot shows the website interface for the European Geothermal Congress 2025. The top navigation bar includes links for Home, Agenda, Participants, and Speakers, along with icons for a list, calendar, and notifications. Below the navigation bar, there are tabs for 'EVENT AGENDA' and 'MY SCHEDULE'. A 'Subscribe to calendar' link is also present. A notification banner at the top states: 'All times are displayed in the default time zone of the event (Europe/Zurich, currently: 17:38).' with a 'CHANGE' button. The main content area is titled 'Friday 10 October 2025'. It displays a list of site visits. The first entry is 'Visit Riehen (hydrothermal District Heating system)' from 08:00 - 15:30, categorized as a 'Site Visit'. A red circle highlights the 'Add' button next to this entry. On the right side, a sidebar shows '10 RESULTS' and a 'Reset' button. Under the 'DAYS' section, 'Fri, 10 Oct 2025' is selected with a green checkmark, also highlighted by a red circle. The 'TRACKS' section lists 'Opening and Closing Ceremony', 'Semi-Plenary', 'Technical Session', and 'Break - Networking - Exhibitions'.

If you don't have a ticket for Friday Site Visits but would like to attend a Visit, please contact the organisers so that we can issue you with an additional ticket for €70.

1-to-1 Meetings

Complete your profile

Please complete your profile in detail (about your **organisation** and your **skills or interests**) so that other participants can get to know you better and select you for 1-to-1 meetings -> [Go to my profile](#)

You can **Edit Organisation** and complete Organisation details and Logo.

You could choose your **"Areas of Activities"** by clicking on those that represent you to inform other participants.

Areas of Activities*

Public authorities

- Elected political decision-makers Department of Energy
Department of the Environment Building or spatial department
Department of Economic Affairs

Energy production and distribution Domain

- Heat production Cooling production Electricity production

Planning and advice geothermal projects Domain

- Geology / Hydrology Geophysics Environment Energy
Modelling, Simulation Borehole Project planning & management
Architecture Engineering Heating technology (installer) Financing
Law (permit, concession) Insurance Communication
Facilitation, advice and coaching

Component manufacturers and suppliers Domain

- Boreholes materials (drilling rigs, casings, feed pumps, equipments, etc.)
Geothermal probes, coils, baskets, etc. Heat Pumps
On ground system (power plant, CHP plant, heat exchangers, etc.)
Energy distribution systems (heating networks, cooling networks, etc.)
Measurement & control technology Software

Search other participants

In the [participants section](#) or [organisation section](#) you can do a “*Search participants*” or “*Search organisation*” with your words to find other participants with whom you would like to exchange ideas in a 1-to-1 meeting.

In the [participants section](#) or [organisation section](#) you can also select “*areas of activity*” to find other participants with whom you would like to exchange ideas in a 1-to-1 meeting.

In the [marketplace section](#) you can also search or select areas of activity to find cooperation opportunities, with whom you would like to exchange ideas in a 1-to-1 meeting.
